

WELCOME TO YOUR ARISE SELF-EVALUATION

Created by April and Eric Perry from LearnDoBecome.com

This is your opportunity for some powerful reflection!

We invite you to take 5-10 minutes to review the questions below, and then evaluate your current reality on a scale of 1-5.

(1 = Needs Improvement, 3 = Middle of the Road, 5 = Doing Pretty Well!)

The purpose of this evaluation is to help your mind create a picture of what is possible for you, give you a chance to celebrate your wins, and see where you might want to make some changes. (And even if you rate yourself with low "scores," remember that **this isn't evaluating you as a person.** It's simply enabling you to identify areas of your life that could use some extra support.)

Create a calm, organized, uplifting environment

- Do I have a system that works for me to manage the projects, tasks, papers, digital communication, and all of the "things" on my plate?
- Do I have adequate space (physical/mental/emotional) to pursue my purpose and goals?
- Do I feel joyful, focused, and energized as I move throughout my physical environments?

Increase your mental and physical health and well-being

- Does your mind have the ability to focus on the ideas, thoughts, and plans that will move you in an optimal direction?
- Do you have effective routines in place to support your physical health (nutrition, hydration, exercise, sleep, breathing, etc.)?
- Do you feel confident and happy when you think about the current state of your personal well-being?

Build a strong, happy family and healthy relationships

- Do you generally get along with the people in your life--navigating the ups and downs with ease and optimism?
- Do you spend a sufficient amount of time nurturing the most important relationships in your life?
- Do you feel that the investments you make into your current relationships (family, friends, co-workers, etc.) lift you?

Achieve financial security so you can be in a position to give back

- Do I feel interested in and committed to doing the things needed to move forward financially, even if it's uncomfortable?
- Do I have the understanding and skills to manage and increase my financial resources?
- Do I feel peaceful and in control when I think about my present financial situation?

Draw closer to your Higher Power

- Do you have clarity on what a Higher Power means to you--and what benefit you can draw from that power?
- Do you make time for regular connection with your Higher Power?
- Do you feel strengthened, encouraged, and empowered as a result of the efforts you are currently making?

Discover and live your unique purpose

- Do I have a clear understanding of my personal values and purpose?
- Do I spend sufficient time in my daily/weekly life dedicated to those purposes?
- Do I feel excited and focused when I arise each morning?

Once you've completed this Self-Evaluation, we encourage you to take some time to reflect on your answers and write down any new insights.

These insights might include where your strengths lie, what concerns or "gaps" exist in your life, and some initial ideas on what could be done to close those gaps and move more in the directions you want.

We've included some space for you to record your thoughts, if you'd like to print these pages, and we hope that you will feel encouraged--knowing that everyone has gaps/areas of improvement, and everyone has strengths. We also have 6 links below with related content if you would like to go deeper.
