

Four Weeks to Finished

Program Overview

(and How It Will Impact Your Organization!)

>>>For the full information page, testimonials, and registration links, please visit LearnDoBecome.com/4weeks

Hello! As a leader in your organization...

You already know how important it is to create a team that is focused, dependable, and moving together toward common goals.

The challenge, however, is that most of us were never taught HOW to actually “get organized.” We can come with a variety of great skills, lots of heart, and a strong work ethic, but without a dependable, seamless SYSTEM in place, there are typically lots of pain points—like the following:

- Deadlines, appointments, and meetings get missed.
- People feel stuck (and often fearful) when trying to move big projects forward.
- Procrastination and time-wasting becomes more and more common.
- Team members feel frustrated with one another when “balls get dropped,” which creates a lack of trust throughout the organization.
- There tends to be *movement*, but little progress or actual achievement.

If any of this sounds familiar, you’re not alone, but there IS a way to make a change for the better. How would it feel if your organization ran more like THIS?

- Everyone is on the same page—with a focused list of projects and routines that will help the organization reach its objectives.
- There’s no need to procrastinate because the next steps are so simple and clear that it’s impossible *not* to know how to easily move forward.
- Calendars and lists are uncluttered, with the top priorities organized beautifully, and nothing is ever late or forgotten.
- Team members can communicate needs within the framework of a proven system—so expectations are clear and everyone can be trusted.
- Files, tasks, emails, messages, and materials are effortlessly organized, enabling each person to spend their time doing their most essential work.

LEARN | DO | BECOME

Yes, this sounds like a dream, but it's how our team operates here at LearnDoBecome, and we have trained tens of thousands of individuals over the years to do the same.

Typically, our students go through our self-guided *Steps to Everyday Productivity* (STEP) program, which has yielded incredible results! (See LearnDoBecome.com/step-testimonials for some inspiring stories...)

However, we now offer an exclusive group coaching program a couple of times each year called *Four Weeks to Finished*.

With *lots* of support—including four weekly live classes, office hours/study halls, a private community forum, coaching by email and text, and bonus modules created uniquely for each session, *Four Weeks to Finished* is truly unlike ANYTHING available elsewhere.

By the end of the four-week session you and/or your team member(s) will have the following:

- A seamless, fully-functional system to manage every project, task, routine, appointment, goal, message, piece of paper, etc
- A clear understanding of how to collaborate with team members, determine which projects are most important, develop action plans to achieve them, then use the STEP system to effectively complete them (and then move on to the next set of projects).
- New skills around routines such as conducting solid Weekly Reviews, daily planning, flexible task completion, prioritizing new information, and more!

We offer an incredibly competitive price for this focused group training—and we have a money-back guarantee that allows a full refund if the training does not deliver what it promises. (The risk is truly assumed by *us*.)

We invite you to discuss this opportunity with the team member who shared it with you and consider reimbursing the full/partial cost of the program as a way to invest in ongoing professional development. (And we assure you that you and your team will be impressed by, grateful for, and benefitted by the principles, ideas, and processes your participant(s) will bring back to your company.)

This training is truly ideal for a whole team to experience simultaneously, but even sending one team member to participate in *Four Weeks to Finished* will be a WIN for your organization! Because we only run this program a couple of times each year--and because the sooner your team gets organized, the sooner you'll see results--we encourage you to sign up for this next session, and our team is standing by to answer any questions that may arise.

Thank you so much!

-April and Eric Perry

Founders, LearnDoBecome.com

P.S. The system we teach works with digital AND paper resources--and the principles will work with whatever software, tech solutions, physical setups you already have in place. Here are a couple of paper/physical examples--just to show you the general sense of order (and joy!) that will come from going through *Four Weeks to Finished*! And you're welcome to check out our podcast, YouTube channel, website, and social media accounts if you'd like more proof! Simply search "LearnDoBecome" on any platform!
